

Information Assurance Task Force Support

Proudly Supporting ATEC's Information Assurance Task Force

EWA Government Systems, Inc. exemplifies its commitment to the warfighter by supporting the Army Test and Evaluation Command's (ATEC) Information Assurance (IA) Task Force including:

- **Planning:**
 - Conference Attendance
 - Coordinate with Information Operations and Communications Directorates
 - Incorporate Training Objectives
 - Develop MSEL's
 - Schedule Blue, Green and Red Teaming
- **Preparation:**
 - Develop IA Assessment and Execution Plans
 - Coordinate Data Collection Plan
 - Coordinate IA Assessment Plan with the Training Audience and JECG
- **Execution:**
 - Deploy and Execute IA Assessment
 - Facilitate IA Training with Observers/Trainers
- **Reporting:**
 - Facilitate a Post Exercise IA Hot Wash/After Action Report
 - Prepare a Final IA Assessment for the Training Audience and DoD

IA Task Force

BLUE TEAM: The Blue Team consists of a service or National Information Operations organization that performs overt scans, network assessments, and policy reviews.

GREEN TEAM: The Green Team consists of government or contractor IT personnel who train and coach the IA and network systems personnel on the operation, procedures, and TTPs for conducting IA operations, and use of network devices in a safe and secure manner.

RED TEAM: The Red Team consists of Service or National Information Operations organizations conducting "live fire" penetration and computer network operations, under the control of the IATF.

In addition to scheduling the Blue, Green and Red teaming, EWA GSI supports the Analysis Group and Data Collection Team with questionnaires, demographics, IA control forms, interviews, MSEL injects, and real-world events. EWA GSI supports the following COCOMS: CENTCOM, SOUTHCOM, EUCOM, PACOM, STRATCOM, and JFCOM.
